

Massimiliano Sorbello, MD

Born in Catania, Italy, September 10, 1973

Massimiliano is an airway enthusiastic anesthesiologist working in a large University hospital in Catania, Italy, with amazing view between mount Etna, Mediterranean sea and centuries of history.

He has been working in different Specialties in Operatory Room and in ICU, and he was also in charge for Airway Management teaching programs in postgraduate School in Anesthesia and Intensive Care in University of Catania. He is past chair of the Italian national Society of Anesthesia Airway Management research group, now chairing ESA SC11, task force member of EACTA thoracic subcommittee and president elect of European Airway Management Society. Speaker in many congresses, workshops and scientific meeting in Italy and worldwide, where he enjoys in meeting international airway experts and friends and enthusiastic people which whom to share knowledge and experiences.

He is also author or co-author of many scientific papers, books, websites modules and e-learning platforms.

When he is not working or sitting in front of his Mac, you could find him travelling or diving down deep his beloved Mediterranean Sea. And now, hugging his small princess Sofia...
